# Welcome to the University of Wollongong

University of Wollongong (UOW) is young, dynamic and innovative, and has become a benchmark for Australia's new generation of universities. The quality of our teaching and research features prominently in national and international rankings, and we're proud to be among the top one per cent of universities in the world.

## A truly global university

### AUSTRALIAN CAMPUSES

UOW's Wollongong campus is set in native Australian bush and is one of the most picturesque university campuses in Australia. Wollongong is close to Sydney, just 90 minutes by road or train. Wollongong is a student city, so the cost of living is less than other major Australian cities. It is the ideal place to live and study.

Since its inception, UOW has expanded its domestic campus network beyond Wollongong, offering students a greater choice of study locations. These include our Sydney CBD, Liverpool, Sutherland and regional NSW campuses.

### INTERNATIONAL CAMPUSES

Beyond Australia, UOW has campuses in Dubai, Hong Kong, Malaysia and a presence in China and Singapore. UOW has also established partnerships with a number of international education institutions to provide students with opportunities to access quality education delivered by UOW outside Australia.
